HEADMASTER'S MESSAGE

COMMITMENT TO THE FUTURE

At Prizegiving, the Chairman of the Board of Directors, Michael Goldbloom, officially launched the School's "Making Room for the Future" campaign to sustain excellence at Selwyn House. He also announced that, under the leadership of the Campaign Cabinet, the School had raised \$7.5 million toward our objective of \$10 million, with construction due to begin in June 2001. Our priorities are the following: one, to enlarge classrooms and reorganize space for the improved delivery of the programme and for the increasing integration of technology in the curriculum; two, to build a modern state-of-the-art library/learning centre; three, to improve the dining facilities; and four, to increase endowment for financial assistance.

Independent of this campaign, the School will also invest \$1 million in the next three years in a comprehensive technology plan. The plan moves us significantly toward full, effective and wise use of technology, while allowing us to leverage fully the technology students use at home, and to base our integration of technology on the increasing power of the internet as a medium, where appropriate, for information gathering and communication.

These announcements are confirmation of the commitment of Selwyn House supporters who realize that the growth of quality education requires substantial investment. The School is tremendously grateful to those who have placed their confidence in the future, and we are encouraged by and welcoming of the opportunities we anticipate to enhance teaching and learning at Selwyn House.

Will Mitchell

SPECIAL DEDICATION

The staff of the 2000 yearbook would like to dedicate this edition to Mrs. Ferguson, who unfortunately, was away most of this year because of a serious illness. Her absence was greatly felt by everyone and we wish her all the best.

FACULTY RETIREMENTS

MR. ROGER BOCCINI-NINCHERI

Roger Nincheri retires from Selwyn House after 18 years at the School. He has taught a variety of courses, most recently Geography and Technical Drawing. Roger's passion for learning has inspired all his students and colleagues. In appreciation, the Grade 9 class presented him with a DVD player as a retirement gift this spring. Roger will be continuing his quest for knowledge in his post-Selwyn pursuits; he will be taking history and art history courses next year, and plans to eventually catalogue the collection of his grandfather's works of art.

MS. DIANA KUILMAN

Diana Kuilman retires from Selwyn House after 15 years at the School. Diana has been an integral part of the School, working variously as an assistant in the Headmaster's, Admission, and Advancement offices. The fearless leader of the Selwyn House Knitters and Quilters, her sense of fun and community spirit will be missed. She will now spend time at her favourite country getaway in Hatley.

MR. BARRY WILLIAMS

Barry Williams retires from Selwyn House after 27 years at the School. He has been the Academic Advisor for the past 19 years and has taught various subjects, including Economics, Geography, History, and Mathematics. Fortunately, Barry's intelligence and wit will not disappear entirely as he will return in the fall to do academic advising on a part-time basis.

Although after our years together at Selwyn, most of you are happy to leave, I don't think we understand how much we're going to miss each other and the school. As we all go to our next destinations, some of us are going to grow apart while some of us are going to get closer to each other. I hope that most of us use today's technology to stay friends.

Thanks to all the staff at Selwyn for making my years here an incredible learning experience. Thanks to AC, PD, MG, ZG, JM, BS, EH, DH, SM, CM, SN, CH, MM, AP, TS for making school fun and interesting. A special thanks goes to C R NA and M S N X for helping me get through the final years. And thanks to the sheep I count to get me to sleep in French class. I still can't believe our time at Selwyn is over.

Benjamin Barnoff

It's on! BD says, g-g-g-get up, because it's *summer, summer, summer-time*... and the hunt has begun! I think chickens and beavers are in season this year? I mean, I could be wrong, but that all depends who you ask, right?... Yeah. My saddle's ready/ waiting... jump on it... my pony! What kind of hunter doesn't have a pony?... It's [gonna be] bigger than... (you know the hit, hoy). Mark my words: M. E. T. is going to learn a little something about the B. E. D., ya heard me (Scar & Ja)! Everybody knows... she's a...? she's a...? (BD theme). Speaking of B. E. D... Rick, when are you going to take that JUMBO jet to Israel- your ability to manipulate (your) papyrus is desperately in need over there. As for D- I just don't know anymore; you could've walked to Italy by now, Ha! I don't think you're ever going to take that flight, Ha! Finally, I want to wish you all the best of luck with each and every "personal" endeavor you guys decide to partake. *Hends high*. Just remember who puts the "P's" in the "I, M"- just ask S dot Carter he'll tell you the same- BD- you'll know the name.

One! To my people... (MD, EH, EQ, CMW, RN, JM, AS, JS, TS, OT, SM), because I'm gone (100mph), switching lanes like...

"I am the lizard king. I can do anything." -J. Morrison
Of Selwyn I will always have way too many memories and almost sadly, only the big ones stand out now. Rugby: "Oh, that. I just do that to satisfy my male need to kill and win." Senior Play: Alex you showed me what it is to be an artiste, to be an ACTOR. Robotics gave me mad respect and fear for all things electronic. "Hey guys she's relativity right?" Classes: "Things are never so bad that they can't be made worse." -J.I. Bogart. Madame you taught us well. Mr. Nicoll for showing me how much I love History. School: "Unthinking respect for authority is the greatest enemy of truth." -A. Einstein. Thanks where thanks are due, to the guys most of all: Greco for being so close for so long, Big-Z for advice and hugs, Jules for shotgun and for being so damn cool, Tyy for being unique and showing me how, MOX for being smart like MUNZ and strong like OX you are the best. DJ for being a ball of fluffy goodness and to the rest, stay WASP, stay Guio, stay Zew, Brooke you too, and stay in touch! Most of all to my Mom and Dad for bringing me up right, and to my Haus for doing everything before me correctly.
"If everything appears to be going well, you don't know what the hell is going on."

Throughout 11 years at Selwyn House, there have been some good and some bad times. However, I would like to thank my mom and dad for making it all possible. Eric, thanks for being the best big brother anyone can ask for, and thank you for being there whenever I needed someone. Mike Gross, thanks for the incredible laughs, and the amazing times we've had. Chris Mettler, my first friend at Selwyn, thanks for the numerous laughs, and the hardcore partying. Jerome, thanks for the help; Andre and Enrico, my Italians. David, thanks for the trouble times, and Conrad thanks for the encouragement. We had some great times and good weekends guys, I won't forget you. The girls, Kerry, grad, and Nat, and the rest of you for helping the weekends get better and better. My two big brothers, John Katiforas, and Eric Kader, thank you guys. KB, RN, PL, and RW, thank you for helping me throughout school and giving me support. How can I forget the 2 Spring balls, Grad, Boston trips, Rafting, Stratford, and Bishops: we had some fun times there.

Christopher Brown

After 5 long years at this school it all comes down to 200 words to sum it all up. I better start off by thanking my parents of course, without their support I would never have had the ability to finish this year the way I did. I'd also like to thank my teachers: TJN, SM, PL, MD, BM, PS, BB. Everyone will always remember HC, thanks for the long years, unfortunately for his timely demise we were never able to say thanks. Thanks Unicorn you will be in my heart forever, I can still hear you now. I'll never forget this last year, it sums up a good 5 years. Cercone thanks for hanging around with me; you were my best friend throughout these 5 years. Josh, I'll never forget the fun times we had in English class. Sasha, me and you on the mound...unstoppable. I'd like to thank all my coaches for pushing me through the seasons to become what I have become now. This hockey season was memorable, the finals were amazing. Jenn I love you, thanks a lot for Grad and Spring Ball they were amazing and would have been nothing without you, you looked amazing!

Jonathan Brun

My daily ritual of waking up at 7:50 to get to homeroom for 8:10 will finally come to an end. With this I will part from Selwyn House School. SHS was more than a place to learn, it is an establishment where I made lifelong friends, enjoyed the lessons taught to us by the most loyal and dedicated group of teachers, and above all this, I gained a sense of comradeship. Although I look forward anxiously, I can't help looking back with a profound sense of appreciation towards my parents and the teachers that I have had. The days of sleeping through French class and watching the market with the boys in the lab have come to an end. I will always remember the TT, the clothes (TY-Jules), the jocks; my very good friend since grade 1, Orestes. Yes, things change Mox. Big Z with his witty remarks and Alex with the funky hats (I think I finally beat you). Matt Finn, I hope you and I have a chance for even greater success. As we finally get into the real world where a BMW is not the average car we will have the chance to fight for ourselves. I leave you with a citation from one of my all time favorite movies: The Matrix "I've come to realize, just as you will. There is a difference between knowing the path and walking the path."

Nicolas Businger

"The rung of a ladder was never meant to rest upon, but only to hold a man's foot long enough to enable him to put the other somewhat higher."

--Thomas Henry Huxley

After two years at Selwyn House the time has come for me to push off my rung. Thank you to MF, GS, SS, JV, CR, BM, TD, and CB for helping me take that step.

Alan Cameron

Although this short paragraph can hardly resume five incredible years in my life, there are some things that cannot be forgotten. First, I would like to thank my family. Mom and Dad, for your amazing love, support, and trust; Dave for being invaluable both as a friend and as a brother; Amy, for putting up with me regardless of the circumstances. Many thanks to all my friends for making my experience at Selwyn one I will not soon forget. Ben Spencer, for five years of invaluable friendship. Ed, Con, Pablo, and Dave for great times throughout high school. Tyler, Alex, Julian, Brun, and Dan for the best French class to say the least, and Zaven, for always making me laugh. Lindsay and Caroline, thank you for a year of mutual friendship and understanding. Laura, you are more than I could ever have wanted. Finally, I would like to thank members of the staff, you merit far more credit than you receive. KB, for teaching more than English, BG, for your outstanding dedication, TJN, JW, BM, and CB for a year of superior instruction. Thanks also go out SM, PG, MM, AP, and PS for five years of excellent coaching. Good luck to the all the graduates of 2000.

Although I am relieved that it has ended, I will remember my five years at Selwyn House for a long time to come. To all the great memories over the years including: French Class, Grad, three concussions, the soccer trip to Toronto and especially the hockey trips to Europe and Boston. To the people who actually made the days seem shorter and more entertaining (harmful noises), I couldn't have done it without you guys. HC should not be forgotten. Hurricane was able to teach me everything he knew, through thick and thin, and I greatly appreciate his kindness. Also, the teachers should be thanked, especially the ones who helped me over the years including: PL, TJN, KB, BW, PS, and RN, and notably the sports coaches who have been there, and much thanks to the hockey coaches for an all-round successful year. You really do not realize how life can pass you by, and I guess I experienced this during my tenure at Selwyn House, for it really ended in a flash, the years seemed to go right by me. I can now say after five years at Selwyn, that I will miss it. So guys, keep in touch as I wish good luck to our Graduating Class of 2000.

Leslie Chau

First I'd really like to thank my mother and brother. My mother, for throwing away \$10,000/year on my education when she could spend it on sth MUCH more worth it. My brother for "motivating" me to work hard on everything. I'd like to tell you, after ALL the complaints about this school, it's totally worth it. Not only did I come to a school where I actually LEARNED sth, I met a bunch of ppl who were mean and ignorant on the outside, but certainly the coolest bunch on the inside. I know, it didn't seem that I had it easy in high school at Selwyn House, but I gotta tell you, I had an awesome time. To all the grads of 2K sorry I couldn't come to the rest of the party. To all my teachers, I had a blast in everyone's class. And especially CC my greatest motivation this year, couldn't have done it without you.

P.S. I'm also very glad to leave this place.

Tyler Chernin

Through good and bad times, I have made it. Here are the people that made it memorable: Munz: u r, and always will be, a gr8 friend. Zaven: grade 8 buds, we have been through it all. Guernam, Guernass! My boyz: Orestes, Jules, Alex, DJ: ethnic quarrels, driving, clubbing, Hove you guys! Ben: too many memories, thanks for being there. Alan, Pabs: French class. Countless jokes. Con, Rod: jocks vs. nerds! Stay in touch. Sarib: homework buds! Brandon, Bobby, Matt: Vicky! U think it's gr8...! Prefects: rambling munz, we did it! Brooke: You are the reason I wake up in the morn'ing. Hux u! Nat: jewleh, driving with Em. Aoya: Spicy brains, horror flicks, u rock! Laura: my confidante, u have been such a good listener, thanks. Amanda, Lisa, Marissa, Caroline: jew crew represent! Lily, Alex, Liz, Paula, Micb, Meags, Jen, Kate, Linds, Sarah, Shan, Skye, Rach: my babes, stay in touch! Mom, Henry, Ar, Andy, Jer: I love you, thanks for keeping me sane. As the path of life distances us or brings us closer together, I wish you all the very best. You have all made my life rich in memories I will never forget.

Thompson Choi

It's so strange. 11 years in one place. I can't believe that I spent 11 years of my life here at Selwyn House. It seemed to fly by so quickly. I never thought I'd be rushing to get my grad quote out. I'm here now, doing just that. I never thought I would miss this place, but I do. When you've been at one school your entire life, you become pretty attached to it. I've always had pretty good memories of this school. Of the people who have come and gone. Some school trips were bad, others were the best (ie river rafting), and I would love to do them all again. BBALL was the best, both on the team and at recess (Even though our trips never went past Toronto). Soccer was mediocre, cause we sucked and everyone went to Football. I guess now is the time to grow up and move on. It's time to go out into the real world. When I think about this I'm both curious and frightened because it's new and maybe overwhelming. But I know that there are people out there to help me through it all, as they have done for me so very often throughout my life. I would like to thank my parents for getting me here. I could never have made it had they not worked so hard to get me into this school and had they not supported me. My sisters are my lifelines. They have helped me through everything, and I love them and my entire supportive family very much. Thank you for everything. I would also like to thank every single person in the school, from the students to the teachers to the head ups, the janitors and kitchen staff, for letting me have such a great time in 11 grueling years at one of the best and most prestigious schools in the world. Oh ya. I would also like to thank MR, DC, and EM for giving me so many damn lifts even though I was and still am a lazy ass. Thanks also go out to MR. D, MR. P, MR. B, NAC, MS. (note the miss) Biggs, and of course, Danner. PS. no, I don't have a stupid quote for any of you. And no, going into detail about 11 years WILL take up too much damn space.

"Time it was, and what a time it was, it was a time of innocence a time of consequences. Long ago it must be; I have a photograph; preserve your memories; they're all that's left, you see." (Paul Simon, Bookends)

I came to Selwyn House in grade nine, and since then, I have accomplished more than I ever thought I could. In my short time at Selwyn, I have seen and met incredible people, students, teachers who have left their mark on their students. Teachers and classmates that will not be forgotten, a goal I long for. I have never been an incredible athlete nor have I excelled in academics, yet I can only hope that I will not end as a "cartoon in a cartoon graveyard," not one of the crowd. I would like to thank everyone for the warm welcome and help in the new environment, it was groovy being with all of you. To sum up my future, "I'm on my way, I don't know where I'm going, but I'm on my way, I'm hitting the road but I don't know where, Goodbye Rozie, the queen of Corona, seeing me and Julio down by the schoolyard." (Paul Simon, Me and Julio Down by the Schoolyard)

Bobby Cranker

I see the road is rough You know I'm not giving up Here I go when I don't know why I spin so ceaselessly 'Til I lose my sense of gravity And time goes by so slowly And time can do so much And the battle's just begun There's many lost, but tell me who has won It takes a second to say goodbye When the night has no end And the day yet to begin As the room spins around I need your love There must be some way out of here There are many here among us Who think that life is but a joke You're dangerous 'cause you're honest When I was all messed up And I had opera in my head Your love was a light bulb Hanging over my bed don't let the bastards grind you down Don't believe what you hear Don't believe what you see A vampire or a victim It depends on who's around And the cartoon network turns into the news dream out loud Taste is the enemy of art

It's been a long ride, but in the end it was all worth it. I developed a lot, both mentally and physically at this fine school. Thanks SHS for all you've done. I have great memories: senior soccer trips that I'll never forget. It's time to move on with my life, and I know that everything will be fine for me. Thanks to all the people that have been and will always be by my side: my mother, father, and the rest of my family. Special thanks to my girl Vanessa D. [104Ever.] You're the best in every way. To my greatest friends: Orestes, Benny, Jules, and Ed. We always manage to have a good time: Dome, Kokinos, ect.. I also like to acknowledge the sport of soccer which has become a huge part of my life. It kept me out of trouble, and helped me learn some valuable lessons. Finally, I'd like to say Congratulations Class of 2000!

MAD! MAD! MAD! MAD! MAD! MAD! MAD! MAD! MAD! MAD! MAD! MAD! MAD!

E stato una lunga strada ma tutte e finita bellissimo. Grazie nonna e nonno per tutto que avete fatto. Non mi scorderai mai di tutto que e stato fatto per me. Finally, Finalmente, Grazie al mio paese. Forza Italia e Forza Napoli per sempre!

My final year at Selwyn, has really brought out the best in me. Though it seems I never took a break, and was always on the run, I have really enjoyed it here. My involvement with this school has given me much to be proud of: football (it was worth it); organizing the Winter Carnival; my involvement in the school play; springball; grad (thanks to you, Ms. Biggs); the *Roast* (CH, SM, it was great); and finally, the yearbook (my labour of love).

It is hard to imagine that my time in a place where I have spent more than half of my life is coming to an end. My year started off with a bang, literally. I remember lying on the football field, with my shattered jaw, in unforgiving pain. When things were at their worst, my friends, my family stood by me. I thank them for that. While lying in the hospital in the midst of my morphine drunken haze, I was overwhelmed by so many concerned visitors. You guys supported me then, and still do now, and for that I am very grateful.

THANKS to all my teachers who have been so understanding and dedicated. And to the people behind the scenes, especially Simplicio and Jim. You are the ones who keep this school from falling apart. Ma, Pa, Cami y Mari, me siento muy afortunado de tener los. To Miss Halligan (my CGM), your true strength and courage has inspired me in the most amazing way. You have been a great part of my life. Finally, to all the graduates of 2000, take a breath, it's all over. I enjoyed my stay, but it's time to move on and I wish you all the best.

Andrew Echenberg

How difficult it is to write something so short that marks the end of something so long. 11 years ago I stepped into the Lucas building unaware of the experiences I would have, the people I would meet, and the way Selwyn would change my life. With all the highlights: Grad, Spring Balls, Rugby Finals, Football Finals, Cast parties, Rafting, and chillin' with the boys, I know that my time here was well spent. To the teachers and coaches: MM, RN, PG, MB, KB, BG, TD, and RW you all taught me something of value, and for that I thank you. To the class of 2000, I know we have been through some rough times, but you guys are great...keep in touch. To Adam and Zach, thanks for always being there...another night at Frappé. Above all, I want to thank the people who made my experience at Selwyn possible: Dad, Mom, Penny, Jess, and my Grandparents, thank you for the support and confidence you have given me. I would not be where I am today without you. Good luck to everybody wherever your lives may take you.

We are not now that strength which in old days
Moved earth and heaven, that which we are, we are -
One equal temper of heroic hearts,
Made weak in time and fate, but strong in will
To strive, to seek, to find, and not to yield.

Alfred, Lord Tennyson

Over the past four years I have accumulated knowledge, formed great friendships with my peers and teachers, set and surpassed many goals, but most of all discovered what it is to be a Selwyn Boy. Most likely the most enduring part of my time spent at Selwyn House will be the fact that I am a member of a community that will be with me for life. I leave Selwyn with a feeling of accomplishment as well as a sense of belonging in the world, not only as an individual because of the interests I have developed, but also as an Old Boy that in itself will forever define me as a person. In the end our time spent at Selwyn, although it seemed like it took for ages to pass, is only really fleeting, and what truly matters are the memories that we will have with us forever.

"The mediocre teacher tells. The good teacher explains. The superior teacher demonstrates. The great teacher inspires."

-William Arthur Ward- Thank you, to all my GREAT teachers!

Matthew Gore

Four yearbooks later, it's finally my turn to join the ranks with the other grade elevens gleefully leaving Selwyn. I must say, I've learned a lot at Selwyn House: how to be civil, not eating before grace, staying quiet during announcements at lunch, and keeping my shirt tucked in. Despite all that, I've somehow managed to learn much more through it all. It hasn't always been easy staying up all those nights finishing essays and assignments, but I hear that in the end, it's worth it (it better be). I want to thank every teacher who's helped me along the way - you know who you are. And thanks to my great family and friends, but mostly to me for getting myself through this. It's been great, and I can only expect even better things to come.

Michael Gross

In forty years, all my childhood memories will be rekindled when I read these few meaningful words. It is difficult to sum up ten years of inside jokes, cherished moments, and valuable people in this short paragraph, but here goes. First and foremost, my family has guided me through mostly happy, and a few difficult, times. My mom is the angel sitting on my shoulder fighting off my mischievous conscience. My dad is my mentor who drives me to excel at my interests. People say I am a mixture of both my brothers, often trying to party as hard as Jon, and other times being keen on sciences and computers like Eric. I, of course, have received the best of both worlds. In school, my elementary enemy, but high school best friend Chris never realized how often I pulled my ear, and Kerry never understood that a human leg could be turned into a canvas. I can't mention Kate in here, and Meagan knows my favourite number is four. Met, Ja-Rome, and Enrico are always there to make certain I party hard and Tristan, don't worry, I didn't mention Kate. Munz is the best lab partner, and Spencer is always making sure the joke is dead. Andre will never cease to make sure I am fully awake, and Adler helps me with substitutes in honours. Tej, will you ever be normal? And I think Jenn Brown is a very nice name. Snitchell, never forget, you're beautiful. Tig, keep driving, and never change. Finally, teachers, who have moulded my personality and carved me into what I am today. Thank You. With All My Heart. As this end leads to a new beginning, I leave with high hopes and many dreams, and, in the words of George Bernard Shaw, "Some look at things that are, and ask why. I dream of things that never were and ask why not?"

Zaven Gunjian

How do you resume 11 years in 200 words? Well... Selwyn taught me English, wait, Ms. Barbara and Mrs. Harvey taught me English: for this I would like to thank you. I would like to thank my Father, for teaching me what Selwyn couldn't, my Mother, for understanding me, and believing in me. My Sister, Nora, you're just simply the best. To my fellow Armenians, you were there when Selwyn's social scene didn't cut it. Dre and Blake, I know I'm cuddly. Alex: that's ghetto. Alan, Ben, Mario, JB, Pabs, we had many fun times. Tyler, Guernas, of course. Orestes, yes, ours are better. Jules: bros b4, you know... Tapac thanx for everything. Munz a little kippa action? Dave, the loop continues to expand... To the others who aren't named, try to keep it real. To Ms. Biggs, you were the only teacher not there for the course, but for us, thank you. Simplicio you are the reason I survived Selwyn with a smile. To my other teachers and coaches, BG, WM, BM, MD, CB, JW, RW, MM, AP, PG, yeah, some of the stuff you said, it sunk in, and thanx. To the Grads of 2000 all I can say is: Hajouik Air, Paizt Vertchabes Lmentzav!

After a full eleven years at this school I can't believe it's coming to an end. Looking back at the memories which I will keep close to me forever: Europe tour, Boston, Bishops (hockey movies), Football, Rafting, Spring Balls, Grad and late night fast food, I realize I couldn't be where I am without my family, my friends and my teachers. T- the big brother I never had Dre- me&u, stay close B- good times Ed- golf, magog & hockey games AC- free hockey, pool Met- just ride and to JM, CB, MG, EQ, TP, Nigel, PD, DH, Chillz TK, TC and everyone who made my time at Selwyn more enjoyable. SS- stay hot. Thanks to MM an inspiration, SM, TJN, RW, KB, PL, AP, TD, MD and all the teachers and coaches who I am eternally grateful to. It has been a trip worth remembering and I hope to see you all in the near future.

11 Years ago, I walked into this school as an extremely shy, dependent-minded, preppy, honor role student, now I'm leaving as a much less fearful, independent-minded, easy going, dishonor role student. It may seem that my Selwyn years have not changed me for the better, however, I would not trade my life with anybody else's in the world. I went through many different phases at Selwyn House and I have shared a lot of good memories with some of the students. I would like to thank my Mom and Dad for paying over \$110 000 for my education at Selwyn House, for all the help and advice, and for never discouraging my dreams. As weird as it may sound, I think that I'm going to miss some of the teachers and coaches above all. I know that some younger Selwyn boys might be reading this, so I will leave you with this small piece of advice: Only after you have overcome all your fears, maintained control of your own life, lived freely, cared for things that truly matter, and felt and experienced true beauty in the world, will you have the ability to die with a smile on your face.

"I guess that I could be pretty pissed off about what happened to me, but it's hard to stay mad when there's so much beauty in the world. Sometimes I feel like I'm seeing it all at once and it's too much, my heart fills up like a balloon about to burst, and then I remember to relax and stop trying to hold on to it....and then it flows through me like rain....and I can't feel anything but gratitude for every single moment of my stupid life. You have no idea of what I'm talking about, I'm sure, but don't worry... you will someday." Lester Burnam (American Beauty)

Before I begin thanking all the people I have ever known for their contributions to my life at Selwyn, I must first thank the One who primarily gave me the chance. I thank God for everything that has ever happened to me over the past eleven years at this school. Though I never displayed my thankfulness, I now fully realize the privilege that I have experienced. My thanks go towards my family members: Mom and Dad (I thank you), Enoch and Emmanuel (go for it). Of course, what would Selwyn be like without: L.T (best lab buddy ever), T.M (juv.bball), A.L (evil 'asian'), D.S (math hmk?), N.B (nadorf?), S.S (pacerproud!), and L.C (go for Waterloo, you H.K freak!) ? As important as the friends, I extend my gratitude towards my teachers of the past years, especially: KB (2teach is 2touch a life 4ever), MD, CB, BG, BM, RW (I'll never be late again, EVER, SIR!), JP, KA, CB, PS, BB, PP, RG, and Dr. Byron Harker. Things to remember: i:reland, bball at recess (so much fun), ind(vs)n.y, Stratford, rafting, and TRACK! To end off, I hope each one of you, from this graduating class of 2000, finds what you are looking for.

Timothy Ho

5 years may not seem long in general, but it has been quite a trip at SHS for me. There were a ton of laughs and great times. Stratford, rafting, and grad (well...) were the highlights and it was a blast seeing everyone so happy. I want to thank everyone who supported and helped along the way. I'd like to thank God for guiding me, Mom & Dad- I love you, Vid-thank for all the help, Ech-fur being a good friend, Dan & Dan, coco, and everyone else. KK Biggs-thank for everything, the Downeys, Wearing, Maurovich & Muffat, class with you was always fun. And of course, I can't forget the 6pack, I love you guys, and thank for helping me in everything. My football years are over but I'll never forget them, and the AllStar game. And after 5 long yrs, it's finally over, and I have one last thing to say: No more summer reading and booktalks...!

David How

Eleven hard years at Selwyn that I will never forget. So many to thank in such a small space. First of all, a big thanks to my mom and dad for the love and support, \$100K well spent? Jon, you're the best bro. Next to the boys, you guys made Selwyn enjoyable. Sak and Spence (11 years), Blake (I think Rolls loves us), Dre (same classes-good laughs), Tig, Chills, Roonis (sports were the best), Henny (we got art ties!), Z (The Loop will live on). To the teachers and coaches, thanks: CB, MB, NAC, MD, BG, PG, BM, RN, RW, and special thanks to KB, TD and MM, PS(x2), and BW. Memories: Goldberg and Chang chants, Big-Z bugs, Mettler stuffs, grade nine French classes, civil community speeches, and walking around cones to get to class. And finally, Highlights: Rugby, Football (so close), Stratford, Rafting (water can kill you), parties, downtown, after parties, cast parties, and Grad. Good luck to the class of 2000. We're Old Boys now. Peace.

Good luck in the future to the class of "2000."

It's been close to 5 yrs. that I've been part of the Selwyn community, and they've been the best years of my life. All the memories: Stratford, Rafting, Europe, all the sports trips, and getting so close to winning in hockey and football. Special Thanx to my parents who have supported all of my decisions, even the ones that were kinda crazy, my bros and sis who have given me a weird sense of competition. To all the guys who have made the dayz go by so fast: Master P, brainer, He, u are some of the funniest guys in the world, from everything from the Kidnapping to cruisin' in the 'stang, we had the best times. Tiggs, we will always have the connection!!! Mac-attack, a little hockey action, u're the best!! LLOG is the new maconi! Brown-i, at first i hated your stupid barn-yard noises but now i have grown to love them. Mach, let's make it a Arturo Fuentes day!! M-class to the top. And to all, 7-11, Choda, T-Dawg, Big-Red, Chang, Pang, Hammer, Big Show, Ty, Nigel, Rabbi, Loon-berg, etc., all u guys have a place in my heart, we are the class of 2000, that is something to be proud of. From all of the craziest parties, to the times we just chilled on a sat night, it was all good. There are some teachers/coaches that must be thanked: TJN, MM, SM, KB, PL, TD, MD, RW, BM. The only message i can pass on is cherish the dayz u have left, because soon u will be writing this quote wondering what u could have done. Don't leave yourself wondering, what if? "If u want a rainbow, you gotta put up with the rain."

First off I'd like to thank my family and god for helping me through the challenges and ordeals I had to go through while being at Selwyn House. I'd then like to follow this up by thanking all my friends, particularly DS., CR., ML., RM., EH., LC., and any others I may have forgotten. Upon leaving SIIS I can only remember what was once told to me: up to a point a man's life is shaped by environment, heredity, and movements and changes in the world about him. Then there comes a time when it lies within his grasp to shape the clay of his life into the sort of thing he wishes to be. Only the weak blame parents, their race, their times, lack of good fortune, or the quirks of fate. Everyone has it within his power to say, "This I am today; that I will be tomorrow." Let us all remember that as we leave Selwyn House for, while the weak may yield, the strong shall carry on the flame of pride that burns within us all. For those of you I did not get to know, I am sorry I missed my chance, I am sure though I will meet you eventually, and be proud to know you; and for those I did know and who did not agree with me, I can but say this: success is the sole earthly judge of right and wrong.

Like sand through an hourglass, there go my Selwyn days. Coray you say? Maybe. I've always felt that baseball can be used to discuss any situation in life. When you step to the plate and you see the winning run ninety feet away and the opposing pitcher needs the out, your out, what do you do? You can either: A) hit your player in, to win, or B) strikeout, and lose. Well, I'll take the walk, and let the next guy deal with a problem that doesn't really concern me. Man, I hate sports analogies. What does this say about Selwyn, you ask? Selwyn has taught me to take the middle ground, don't always have a fixed opinion but be flexible. The following teachers helped me realize this: TJN (BIG TIME), PS, KB, AL, M. Glaude, JW, BM, and RW. The following students gave me laughs and great memories: EH, SN, DA, JM, CB, CH, BB, and PD, and my parents who made me good. I once read in the 2000 school agenda to, "Be yourself. Who else is better qualified?" I like that one.

L'il Met love you and hope you only follow my positive attributes. One Love to my fam worldwide. Jerome 11 years and finally free, don't know how we did it. Adam, went through it all without a dull moment. Rico last couple of years were unforgettable. Dre late nights at your house, too funny. Everybody thanks for keeping it real. Special thanks to teachers and coaches: KKB, NAC, PL, RW, AP, MM. Thank you all. It would not have been the same without our experiences with CABS, taxis, the REZ, Big L's, St.Low, and VG's. Finally my shout outs to Blake, Tristan, Mike, Craig, Zaven, Conrad, Ben, Hamza, How, T-BO, Mandy and all the party people in the world, thanks for bringing fun into my 11 years.

After 11 years my time has come, I would like to thank my mom, dad, Andrea and family for helping me. Thank you for accepting my mistakes and pushing me to excel. I would like to thank all those teachers that have put up with my stubbornness and consistent talking, thank you: KB, TJN, PL, MD, BW, RN and PS. Sports have been my passion at Selwyn: senior football finals (sorry boys), bantam football finals and semi-finals, basketball trips to Toronto and Bishop's and Tennis GMAA open champions! I would like to immensely thank the best high school coaches around: MM, MD, AP, CB, SM and MB thanks for making me a better athlete. Selwyn was a great time: Grad, Spring Ball's, Peel Pub, Vangho's, Cab's and other "social gatherings" were places to forget about all the school work. Now for my boys, we may not appear to be the best group to hang around with, but nobody can question our friendship: Met for 11 years you have been my closest friend and my brother, Rico since grade 9 we've been inseparable I love you man! Adam despite our up/down times, you're still a very close friend. Now for the rest of you party animals: TS, BB, CB, MG, AP, CH, BS, VS and those i forgot, you guys can really party. Now for the girls: CT, despite our rocky relationship, thank you. NJ-MF, thanks for being great friends; kisses to all the girls not mentioned. I've learned more lessons this year than ever before in my life; for that I am thankful. Class of 2000, don't forget your roots.

It's unfortunate that only within the last two weeks of five years have I come to realize what a fraction of my life has been about. There is no doubt that I changed, and for that I have to thank the input of all my teachers, friends, and class-mates, whether it be for better or worse. Yet I have learned who I am and perhaps who I am to become and through that I abandon the smallest fraction of my existence in looking to the future. In particular, I would like to thank TN for giving me a voice, BG for patience, and RW for the self-consciousness I never had. I have to definitely thank my parents for working to get me here as well as my brother and Sasha for toughening me up. To all the Grads of 2000, our reunion is inevitable.

Joshua Mitchell

Finally my time at Selwyn House is over. It has been a long 5 years of hard work and good times. I'd liked to thank my father and mother, and all my teachers, especially TN, PS, KB, CB, BM, MD and WM. Thanks to MM and all the rest of my coaches for putting up with me and getting the best out of me. I'm thankful for the great memories like the trip to Europe, making the finals in hockey and Btm football, and rafting. I'm especially thankful that the long rides to Selwyn are over. To all my friends (especially CB) it was fun while it lasted and thank you for the unforgettable memories. Finally I'd like to say good luck to my brother in Selwyn, because he'll need it.

Matthew Munzar

No matter how long we have been at Selwyn House, in some way we have all been touched and inspired. It will always be the people that we've met, and the relationships that we've formed that have made our time so special here. Dd: Parties at your place. Jules: French plays. Zaven: Kippa Action (you're awesome!!). Vidal: Math classes with Leslie and Verrall. Orestes: No! Hammer: Getting away with The Beard. Gross: Lah partners on purpose and by chance. Black: Sunglasses, car rides and Physics class. Pablo: Yearbook guidance. The Jocks (Tristan, Teddy, Andre, Conrad, Ed): The Corner. Everyone else: BS, SM, RL, CH, TP, SS, AC, DA. Finally, Tyler: you will always be my best friend. To all those teachers who made class challenging but always interesting: KB, PS, LM, NAC, CB, AL, MD, TD, BM, RW. If I left you out it was because of Pablo's restrictions, not because you didn't make my time at Selwyn so special. And so I leave the school a little wiser, with self confidence and knowledge of myself. Take advantage of the future and keep in touch.

To me, life has always seemed to unfold like a play consisting of numerous acts, scenes, and characters.

And as I conclude my final year at Selwyn House, one of the most memorable acts of my life will soon come to an end. Although I have only attended this school for three years, it feels like a lifetime. Throughout my high school career, there have been many individuals that have assisted in making my time here at Selwyn pleasant. Firstly, I would like to acknowledge the very two people that I have grown to respect: my parents. My father, for instance, is one of the most respectable men in my life. His teachings have kept me along the right path and his words have guided me through a world of light. Mom, you are so very special no words can describe the love I feel for you. You always do such thoughtful things for me that "thank you" just doesn't seem like enough to say. Danny, you are the greatest brother anyone could ever have and I will never forget all that you have done for me. Sandy thanks for giving me something to smile about everyday. You make me very proud. Also, I would like to thank the following friends for being there in times of need: BS, OT, MD, JS, BB, TS, RL, CH, ZG, EH, AS, PR, and VS. Special thanks to all my teachers: KB, TD, NAC, TN, BW, RN, and EP. With loving thanks for being the wonderful people that you are, I thank you for all that you have done. Congratulations class of 2000!!!

Sebastian Negrete

After eleven years at this school, many people would expect me to share the bitter and distressed attitude that many people graduating this year have towards the school; I do not. Instead, I choose to view the school for everything that it has given me, the many opportunities that it has opened up to me, and the multitude of awesome experiences that I have had here in the last eleven years. Of course I have to thank my parents for sending me here. I also have to mention my sister or she would never forgive me. I also want to thank every teacher that I have had here, you are all great teachers, no matter how much we complain about you. Last but not least, I have to thank my friends, especially Sasha and Eric, who have made Selwyn the great experience that it has been. Selwyn has been a huge part of my life for so long that it is going to be really hard to say good-bye to it when the time comes but I look forward to the future and wish everybody that I have met here the best of luck and I hope that our paths cross again sometime.

Trevor Parekh

It has been a long trek. The peaks, the valleys: all. Nevertheless, it has been extraordinary in all ways. These have been the times that have made me what I am, from a boy to the man that I almost am. At the hardest of times it seemed endless, yet great times were always too short lived. All the memories are irreplaceable. The year has been filled with tonnes of noteworthy memories, starting with a and ending with z. Start with Rafting, Toronto, Y2K/(beeji), Boston, Europe, the City Championships, cast party, Grad (duh!), not to mention Stratford, Halifax and Spring Balls. There are countless people to thank. Start with the essentials: 'rents & sisters; teachers & coaches; everyone, including the fine people @ Molson! But friends are paramount. The HC thanks all that have been loyal, to all the 262'el A.M., you're my god and my dog. Scud, you tool Tom Green and Mullins. Kurde's, Master J and OG. T.L. thank you for always being there! And of course to the 'Stank, that has always been true. Congrats to the Class of 2G, and a toast to all! Goodnight, boys. Scume?!?

After 11 years it feels good to be able to step into the vast horizon of opportunity and know that despite all the hell I went through I am finally prepared to conquer new and bigger challenges. First of all, mom and dad, you guys are the greatest. You're always there to nag me when I'm slipping, to help me through tough times and to watch and support me when I'm shining. Van, you're the best older sis. in the world. U can be a pain in the butt at times but in the end you're always there for me as I'm for u, love ya! Next, my boys, Met, Jerry, Adam, Enrico, u guys are the best and still u wonder why I'm always happy and crazy, thanx for all the great times. From my house back in the day right up to grad it hasn't stopped and it won't stop here. TTT u better keep in touch, I'm still bigger just not taller. Thanks to all the other guys: CB, MG, TS, DH, TK, ZG and to Mr. Maurovich, the best the school has to offer ever since gr1. Mari i didn't forget u, we are so far apart but we'll always be there for each other, I promise. To all my friends at ECS and Traf, thanxs for everything, Nat especially u. Cons thanxs for making grade 11 the best year ever, the time we spend together is incredible, our memories will shine forever. Congrats to all the boys of 2000.

Eight and a half years at Selwyn House come to an end. Some teachers have made a difference. R.N., your enthusiasm is not always wasted. P.S., having you for two of my senior years was a pleasure. R.M., you were a great coach, you taught me how to excel in a sport. M.J., thank you for your help and friendship. Most of all, I want to thank my family, Mom, Dad, Sofia, for your love and support. I would be lost without my friends. Jerry, you can always talk to me about women. Met, I will always be up for a drink. Tristan, I will always be up for a late night excursion. Benji, you're something else. Andrea, you're my Italian brother but you still have some things to learn. Guys, we will be friends as I often say, for life. Don't forget cab's, taxis, the rez, alleys, football, peel, V.G.'s, grad, Stratford, rafting, and all the women, S.C., K.W.. I am eager to move on. To all of those graduating by my side, "In Bocca Al Lupo."

After 5 years I would like to thank my family: mom, dad, Kevin and Erin I love you all and appreciate everything you've done for me. My friends: SB summers are never the same, TP, EH, SM you guys are the laughs. JS for all the cars. Meals in Florida were the best ever. Teachers I will never forget you: TJN, KB, PS, MD you make class worth going to. The past five years of my life have been very important to me and I would just like to thank all the people that have helped me through them: ZG, RL, EH, SM, CH, DM, PR, OT, TP, DC, OS, DH, DA, MF, PD, SB, JS, MD, TS, JM, CM, MG, TC, AB, MK, NJ, EM, JM, SS, JB, AC. I've had a good five years but I'm happy to be moving on.

Edouard Robert-Morin

After seven years spent in one school, one wants to move on to bigger and better things. But how can we? When we look back, Selwyn has offered and introduced us to so many activities. Jazz Band-J.M., the trips were all so great. Senior Hockey, S.M, T.N, Europe, I will remember for years.

Over the years, Selwyn has shaped me into the person that I have become, and I have to thank the whole community and faculty for that blessing. Anne, Georges, Andréanne thanks for your support and faith. Con, life is a heavy burden to carry alone, I appreciate the helping hand. Roon, I will never forget the steaks and French fries...How can I? (ummm!!). Vid, thanks for the support and the many words of wisdom. To all others not mentioned who believed in me throughout the years, thank you. Unfortunately, these great times must come to an end one day or another. Congrats to all the grads!

200 words is not enough to adequately express everything that I need to, for 6 years is a long time. First of all, I would like to thank my parents for enrolling me at Selwyn and supporting me these past years. I would also like to thank all the teachers that have put up with me over the last 6 years, especially those who had me more than once: both Mr. Downey's, Mr. Moffat, Mrs. Rilling, and Mme. Werbski; I could not have done it without all of you who have prepared me for the world. Lastly I would like to thank my friends at Selwyn who have been there to support me all my years: Chris Brown, Nicholas Businger, Jeremie Clarke, Matthew Finn, Alex Lemieux, Sean Salusbury, Sarib Shaikh, Geoffrey Spielman, Danny Su, Jonathan Verrall. I'd also like to thank all those I forgot to mention who have supported and aided me throughout my years and the whole graduating class of 2000, it's been a blast working, playing and learning with all of you.

A hell of a ride boys 'n girls and still alive...one hell of a Lucky Strike. Our time here was a blast and a blur for the most part with odd, nasty tumbles and turns. We dove in with a splash and came out ready to be on our way. Nigel's time here did tick fast, it seemed like it just flew away...a separate peace one might say. Anyway, the tour is over...thanks to all the people that have left their mark and those who had tried to take my crappy little attitude to new heights. A loud thanks, big hugs and sloppy kisses to all my fans and to all the cool cats that flew along with me I bid you a finer farewell. And last but not freakin' least, thanks to PEZ candy and dispensers through the early years and thanks to brew and greasy potato chips as I grew more immature. Well I've rambled enough and used too little words to say too much so I gotta bail. I envy me.—peace

So many great memories of so many terrific people, so little space to remember them. First of all, the wonderful teachers who went far beyond the textbook to make sure that I got the best education possible: KB, BM, GR, BR (formerly BM), MD, TD, CR, AL, BG, BW. Bball was a big part of my life at Selwyn. Thanks to MB, CB, AP for making me the player I am today. From Jerry's 3's to TC's passes and spazzes to Met's swats, we always had fun. Here's to the boys in high math who never let me forget that I wasn't in Honors Science. Thanks to Ben, Pablo, Ed, Munz, Panj, Jerry, Thompson for always being there when I needed someone. After parties at Munz's, homework in homeroom, Hammer's beard, recess Bball: it won't feel right next year. Grad was awesome (thanks KB), highlighted by the roast (congrats PD, SM, CH). Last but certainly not least, thanks to Mom, Dad, & Mark; none of this would have been possible without you. To all the grads of Y2K, best of luck wherever life may take you.

First of all, I would like to begin by thanking my parents for all of their support and advice throughout my life and career at Selwyn. I love you guys, my brother Chris for always being there for me and keeping me in-check, my grandparents for all they've done for me, and the rest of my family. Selwyn would not have been what it was without the friends I've made: Met- you've been my closet friend for most of my time at Selwyn, always stay in touch, Jerome- besides our dispute, you've also been a close friend and I'll always remember the crazy times we had, Piccolo- your good looks, but lack of game always kept me laughing. You guys are what made Selwyn what it was- Mad love. No matter what, our memories will always put a grin on my face: cabs, taxi rides, St-Low, drinking games, the rez, Van Gough's, the lye, Jerome comments, and just plain out chillin' at Met's. Peace to all the others as well: EQ, EH, CB, ZG, DH, JS, AE, CH, SS, PR, CH, OT, BB, MG, SM, BS, RN, BS. I would like to thank KB, TJN, RW, PL, BW for teaching me that learning at Selwyn can actually be fun and interesting. To my three life-long LMCC friends, you know who you are and I'll always be down for chillin' with you guys. Finally my respect and congratulations go out to all the grads of '00, I wish you all the best.

The air is sweet outside our school in May. It has been such for years. Now, as I walk by the fragrantly saturated air, I feel infused with potential and soaked in memory. Thinking back to the transition made from little to big, I sigh and am thankful. I thank the elite few, the unparalleled wizards who have taken my learning career in their artful hands and molded it into a statue worth keeping: Mr. B. Moffat, for teaching me to think in colour; Mrs. V. Ferguson, the miracle worker, for jazz, truth and making everything happy; Mrs. B. Rilling, for quietly caring; and finally Mrs. K. Angell, who has one too many letters in her name. Then, my family who has pushed when I needed to be pushed, but never held me back. And to my close friends who have so eagerly tossed me pieces of their lives (that I have so eagerly caught), my strongest and only wish is that regardless, we shall never forgo a chance to get together and sing our song (even though there are no words and no music). Life here has ended, and I cannot contain my excitement. The sun makes me smile.

Tristan Schulz

The downward spiral of our final year has finally come to its last, melancholic drops. My eyes smile when I think back to all the sweet moments I've had in the past. Selwyn shaped me into the person I see before me. Times here have been some of the most influential times of my life. I have to thank my family, parents especially for enabling me to succeed in so many ways and putting up with my attitude. To my sis Tara, you're an awesome girl babe, not to mention a great friend. To all the Selly Boyz: Jerry, Rico, Met and Conrad- your my little brother I'll always be watching out for you. Boys we've come a long way together and the party has only just begun!! Remember: Boston, Europe 2x, Stratford, Peel, Frapps, the "ally", cabs, remember me jump dat! To the Huddy boyz- Matt, Josh, Lex, Shawn, Des. My apologies to all the zews & Wasps- you're all the bomb. Finally Kate, my baby, my first love, we've had great times together and let there be more to come. You changed me for the better and I love you for it, you saved me.

Peace and remember me.

First and foremost I'd like to thank Allah and my parents for giving me the opportunity to attend Selwyn House for 5 years. I appreciate their care and support. I'd also like to thank my bro Saad for helping me out any time I was in trouble. And of course my little bro, how can I forget him! To all my friends: OT (all that food, don't worry, the tradition will continue at Marianopolis), Z from the LBC (You're the only one who understands I like 2pac better than dot), MM, Ty, JS(TT), AB (TRU homies, Hoody Hoo!!), MA, CR, PD, AL, DS, djjohnnyb, TC, TH, JM, RN (Scam artist of the year), VS, EH (PACERS RULE!!), CMW, SN, MR, AS, LC, JC (Jarooooome!!), Chillz (LJ sucks, Miller is the best!), da jocks (all those great English classes). Finally, my time at Selwyn is over. Selwyn House has prepared me well for the future. I would like to thank all my teachers: Mme. Werbiski (four great years), Ms. Mastellotto (Isn't 11A the best class?), Mr. M. Downey, Mr. Litvack, Mr. Moffat (you're awesome!), Mr. Phillips, Mr. Williams and Coach Paoletti. Congrats to the Class of 2000.

It has often been said that what doesn't kill you will only make you stronger. Five years after first setting foot on Ms. Biggs' SHS territory, I know that without a doubt I feel confident that I am leaving with, great strength, wisdom and the power of Hercules. It seems incomprehensible that for five years I have eagerly anticipated my graduation, only now for it to come with the bittersweet emotion of anticipating what comes next. We all long for that which is familiar to us, and as such I'm sure that years down the line I will be longing to cling to the security that Selwyn has become throughout my high school career. Talented staff and incredible students have made the last five years unforgettable. Extraordinary thanks go out to KA, CM(BC), VS(lol), MT, TH, BM, LP, LV, JC, MM, JW, EK, YZ and last but certainly not least every one who has helped me along the way— you have all had a tremendous impact on my life, for which, to you, I am forever indebted. And to the unforgettable Chillz (the ladies man!) Rachel-Scam my man TC (ur the best), and the rest of the class of 2000...we made it!!!— To my wonderful parents: I know that the words 'thank you' are simply insufficient to express my true gratitude for the guidance, strength and source of inspiration that you have provided me in every aspect of my life, but with that in mind, I move forward into the future with all that you have taught me and all that I have learned into a whole new world- a world previously unimaginable...

As I sit here pondering about the past, and glimpsing into a future of undefined cause, the true dilemma arises: how to abbreviate over a decade of my life into a single grad note? All I know is that the true memories and life shaping experiences lie far beneath the blatant surface of education. They rest in the trials of family and friendship, in the hardships and triumphs of life. Selwyn has taught me that nothing's as important as it first seems. It's from our mistakes that we may evolve, becoming better people. I'd like to recognize those mentors who brought passion beyond the material: KB, BM, BW, TN, PL, PS. To my friends: Orestes and Zaven (never forget your roots!), Tyler (you're the best friend a guy can have, thanks for the patience) To Alex, Alan, Munz, Mario, and others not mentioned but remembered, you've always been behind me. Ciao a tutti, ci vediamo! To Mom and Dad especially, thanks for making me the person I am, and giving me the foundation to face the world.

I never thought in grade one that one day I would be one of the giants walking through the school's halls. It seemed that I would be at Selwyn forever and that the end was never on the horizon. Well, here I am, standing at the crossroads ready to leave and I can't even begin to describe what my time here means to me. There have been so many memories over the past 11 years which are noteworthy. I'll always remember.....Quebec, Ottawa, Gr 8 English, Football with the Boylers, Bishops, 8-9 French Class (we won), Stratford, Raftio, Lunch, Grads, Bus Rides, Europe...Twice (96% + Welsh Culture), Rugby Champs '99, Nights Downtown, House Parties, The Rez, 7's Champs, Football+Hockey Gr. 11 (so close), and an Overtime Comeback. There have been many people who have helped me throughout the years and a simple thank you does not do their efforts proper justice. Thanks to the teachers and coaches who believed in me and taught me not just about facts but about life: PL, KKB, TJN, MD, RN, SM, and MM. To all my friends; good luck and thanks for all the crazy times and the support. For those who were always there: TC, CH, LC, CE, JM, AC, PD you're the best. Finally, to my family, Tom be good and stay out of trouble...try to anyway. Mom and Dad, thank you for all your help and sacrifice, I love you. It's oow time to move on, but I'll always remember my time here and the people who made it memorable. "Every new beginning comes from some other beginning's end."

"True strength does not require an adversary and does not see itself as noble or heroic. It simply does what it must without praise or need of recognition. Good-bye and good luck,

4 years have come to an end. So swift and so short, we all arrive now at yet another crossroad of our lives. 4 short years, yet filled with so much. Hard times have come and happier times have also passed. These times, however, I would never have gone through without those I call friends: AL, SS, TC, LC, EL, ML, CB, AB, and so many more. They offered me 4 wonderful years in Selwyn. This school has offered me one of the most important educations of my life but also a chance to lead a different experience. YO, GRADE 11, WE ARE FREE OF THIS SCHOOL AT LAST, NO? Well really, we are, but one thing is for sure, I will never forget the memories this school has offered. You guys that I know, I hope to meet again and those I barely know, I wish the best luck to you all. One thing though, I hope to see you all again living the good life. Bye... Aurevoir...

Istvan Tokes

Five years from now, I'll probably appreciate all that Selwyn has given me. I'm better educated now than I ever thought I would be. Thanks Selwyn. Of course, when I say "thanks Selwyn," I'm really thanking all the teachers that have taught me over the years. There are teachers that I like more than others. I'll have thanked them personally on June 19, 2000, long before anyone gets to read my yearbook quote. Thank you (if you're a teacher that I thanked personally, insert name here) very much. You are a wonderful (History, English, French, Science, etc...) teacher! I still have fifty words to go... who ever said that 200 words isn't enough? Imádlak, Mami, Nagyi, Ildi, Emi, Gyula, Apja, es minden Magyar akit ismerek (téged is). Milliő paszt jobbra balra. Random Selwyn memories: Stratford, Red River, THE PROBE, SHS Grudgematches, "OK, OK, OK?" Spanish classes, Ball Hockey, Eurostars, my book talks (colonel), student awareness, GRAD 4 SURE!, my earring that I never took off for school, babysitting Leah, Spring Ball, French field trips. Critical essays.

Eleven years can leave a profound impression on a person, especially when they comprise part of his first seventeen. As I leave this school, I realize that many years of demanding work, of intense learning, and, surely, of procrastinating have finally come to an end. All of my past memories and experiences have come to shape my life and for that I am fortunate. I'd like to give a big thanks to all the teachers and coaches at Selwyn who have taught me all these years as well as to my friends for making class more enjoyable! To my Armenian brother, to my Italians, to my WASPS, to my Asians, and to all my other boys, you guys are the best! I'll never forget our countless fun nights of clubbing. Above all, however, I'd like to thank my entire family for guiding me through life and for helping me surpass any obstacle that I have ever encountered. You've made me who I am and for this I can barely show my gratitude.

Jonathan Verrall

"Tactics are real. No matter what power you have, if you don't think, you die." -X.S.

If anything, SHS taught me to think. Thankfully, I met a few people along the way who taught me how to dream: the most important friends/teachers I can have. They are the ones that I am indebted to the most, and they know who they are. I only hope that they continue to see the world a little differently: instead of procedures, there are possibilities; instead of routine, there is emotion. We've created a lot together... let's keep that going.

I can only hope that we remember that life is never simple, but it always gives us opportunity. We will become teachers, artisans, masters. Beneath all of that, if we keep our visions of a better world to heart, we can become knights, poets, and leaders.

Most will tell us to be careful: the real world is harsh, unforgiving. They are wrong: there is no real world, and it is up to us to shape our reality as we see fit. I'll see you there.

The Senior Gryphons made a full U-turn this season, bouncing back from last year's winless season to play in this year's championship game. From the beginning of August, 30-odd Selwyn Seniors played hard and produced some of the best football ever seen at Selwyn House. The defense, led by Michael Gross, André Piccolo, Pablo Durana, and Chris Mettler, proved to be the strength of the team, allowing only 52 points throughout the 12 game regular season. With countless hours of practice, fuelled by enlightening pep talks, the senior team continued on a victorious path. Led on offense by Ben Spencer, Jerome Miller, Tim Howick, and Trevor Shannon, the team advanced to the playoffs with an impressive record. In a nail-biting semi-final, the senior players edged their opposition in overtime and continued along to the finals where they picked up a silver medal.

The Senior Gryphons have much to look forward to next year as Phil Schaffer, Alex Hrycyk, Rayan Kaedbey, and Mitchell Sweibel return for their final year of eligibility. Many thanks to the coaching staff for their encouragement and wisdom: Mike Maurovich, Mike Downey, Tom Downey, David McKinnon, Scott Arnold, and Andy Casterlen.

1999 GMAA TOURNAMENT FINALISTS

The 1999 soccer season marked a productive year for the midget boys soccer team. Led by coach Peter Goven, Selwyn House finished second overall in their respective division of six teams. Their second place finish ensured them a spot in the GMAA championship play-offs. The team fell to an unfortunate 1-0 loss against L.C.C. They also faced the same fate versus Loyola in what became the last game of the year for the hard working midget squad. Their defeat in the play-offs was certainly not for a lack of effort.

SENIOR HOCKEY IN

EUROPE

With so few people trying out, it was difficult to predict what a successful season Selwyn House would have in senior hockey. The season began after a few practices and losses came quicker than victories. The Bishop's tournament, even though both games ended in defeat, united the team as a family. Slowly, we pulled ourselves together and managed to leave for the Christmas break, over .500. On return, we packed our bags and left for Boston. Beating one prep school and losing to another was a step ahead from years before and a definite sign of things to come. The season highlight began on January 26 when all 22 players, one manager, and three coaches hopped on a plane

and left for Scandinavia. Playing in Denmark, Sweden, and Norway, Selwyn was as vicious as 10-4 in one game, and as embarrassed as 18-0 in another. Traveling to new places in the world allowed us to interact with cultures unlike our own. We lived with families and learned how their customs differ from ours, and of course, played plenty of hockey. Back in Montreal, our skills had improved a great deal from the trip and we began to win a lot more. We made the playoffs and upset two great teams to reach the finals. Being ahead 3-2 in the third period made the 6-4 loss much harder to take, but looking back, the season ended in triumph, not defeat.

This year's Bantam Hockey season was a very productive one. Team captains Torrey Mitchell, Scott McMillan, Alex Bussandri, and Taylor Dixon all returned for their second year, bringing back their skill and leadership. Goalie Boule Nguyen also returned for his second year and was strong in net. The team's success was based on some outstanding individual efforts and great team spirit. The Bantams won the Selwyn Tournament, and enjoyed a memorable trip to Boston. For the first time in a decade, the Bantams made it to the GMAA finals, where they fought hard and earned second place. All this thanks to coaches Mike Maurovich, Pat Shannon, and David Cude.

This year, the Senior Basketball team reaped the benefits of a successful season in a division of 14 teams. They finished third with a record of 11-3 which advanced them to the quarter final to compete against the division's top team: Loyola. In a game that started off extremely close the Gryphons ended up being defeated by a margin of 24 points. Although the Juveniles had no luck making it to the final, they enjoyed a fun and certainly positive season being the underdogs and playing good quality basketball.

Senior Basketball's top scorers:

Left: Point Guard / Jerome "Money" Miller. The team's three-point threat.

This year, Cross-Country Skiing was very successful. As always, the season began with a lack of snow, so the team focused on getting fit for the races to come. Later on, however, the Team was blessed with sufficient amounts of snow. Pictures were extremely hard to come by, as Coach Moffat and Coach Downey's rigorous training regimen made it such that skiers travelled so fast in practice that it was very difficult to photograph them, even with the world's most advanced cameras. The coaches' world-class waxing technology also contributed to the great progress and success of all skiers. On the whole, Selwyn House had a great cross-country skiing season. Many thanks to Mr. Brad Moffat and Mr. Tom Downey for continuing to prepare our athletes for the 2002 Olympics and congratulations to the great skier who helped make 2000 yet another great season for SHS Skiing.

Front Row: J. Chui, L. Lin, M. Woloszyh, A. Wong, N. Sallman, M. Knecht, M. Wathier.

The Loyola Sports Tournament, Omnium de Quebec and the Riverdale Invitational provided excellent competition and a number of medals this year. As well, the Gryphons finished second at the Provincial Championships in the Cadet Division where Andrew Wong took home his second consecutive Provincial Gold Medal. Well done Gryphons!

CURLING 2000

Considering that the season began with only six experienced players, it did not seem probable that this year's team would match last year's, which counted several Grade 11 veterans. Nevertheless, Selwyn House's curling team, coached by Mr. Geoff Lawton, walked onto the ice aiming to win. Dividing his time between teaching the inexperienced Grade 8's and training the practised Grade 9's, Mr. Lawton helped improve delivery and strategy. Experiencing great success in league games, the team placed first and third in the Selwyn House Bonspiel. Finally, the curlers faced their greatest challenge - the GMAA championship game against Centennial Academy at the Lachine Curling Club. With the help of their team, Keith Martin and James McKinney - the skips and strategists - led Selwyn House to victory. Reflecting on the past season, the words of Mr. Bill Badger, our assistant coach, come to mind: "If you guys win the finals you'll have exceeded all my expectations." Having cleared this hurdle, the Selwyn House team will try to do the same next year.

GRADE 11

The Grade 11 trip to the Red River has been a traditional orientation event and this year's excursion was once again a thrilling experience. We left on the afternoon of September 8, and despite a 40-minute setback due to a blown tire, we arrived at the New World rafting camp high-spirited and anxious for our 3- day stay. We went to the river that night and learned proper form and technique for rafting, kayaking, and sportyaking (a two-person inflatable kayak). The next day, we woke up at an unusually early 6:00 a.m., ate breakfast, and prepared for a day of rafting. Even though the water level was low for this time of year, our first descent of the river was exhilarating. We were guided down the rapids by enthusiastic leaders who knew exactly how to surf the waves. We had a quick lunch after the ride and then embarked again for another descent. The next day, everyone got a chance to set out in sportyaks, and we also participated in biking and horseback riding. At the end of the day, we packed up with a great experience behind us and fond memories in our minds. What a great way to start off the graduating year and to get to know each other just a little bit better.

RUN 99

On a brisk October morning, some five hundred Selwyn House students took to King George Park to take part in the annual Terry Fox Run. Organized by Selwyn House sports director Steve Mitchell, more than \$25,000 was raised for Cancer Research. Later on, the elementary students had the opportunity to meet Betty Fox, whose stories of her son, Terry, were inspiring. We would like to thank her for coming to Selwyn House and sharing her memories with us.

FOUNDER'S DAY

WINTER CARNIVAL

ROBOTICS

2000

From March 2 to March 5, the Selwyn House Robotics Team, consisting of thirty-one students, four teachers and two mentors, competed in a national robotics competition in Hamilton, Ontario. This seven-year-old event is run by an Ontario-based organization, Canada FIRST (For Inspiration and Recognition of Science and Technology), which selects a game for the robots to play. This year, robots competed in Canada's national sport: hockey. Despite the efforts of the engineering team and our drivers, our robot came just short of making the play-offs, although we did finish among the top ten teams. Our web page team took top honours as the site won first place in its category.

SENIOR PLAY

This year's seniors preformed William Shakespeare's famous history play, *Henry the Fourth, Part One*. The show was directed by Alex Ivanovic, making this his third SHS production. And what a production it was! The show was staged in "the round," meaning the audience sits on all four sides of the stage, perhaps a first in Selwyn history. This type of stageing creates a very intimate and realistic environment, challenging both actor and director alike. With flashy, rave-motif costumes, excellent sound and lighting, and an incredible stage, who could ask for more?

EDITOR'S MESSAGE

I hope that you are enjoying the 2000 Selwyn Yearbook so far. We have made several changes from last year's edition, in order to give it more shine and animation. In doing so we have made a big effort to come up with new, more modern layouts, and sections for everyone to enjoy such as the teacher's "We were young too" page. We have also rearranged the order of certain pages, such as the grad section, in order to create a better flow.

Throughout the making of this publication, we encountered many ups and downs, but we managed to all through. With the exception of only two veteran students and one returning staff member, the entire yearbook team was made up of new faces, which proved to be quite a challenge. A great deal of time was spent learning how to create layouts and how to crop pictures.

The departure of our advisor, Miss Pratt was quite a crucial setback to our group. This year, much of our responsibilities were passed on to Kyam and I.

Unfortunately, we were faced with a few disappointments throughout the year. Several members of the yearbook staff failed to help out when it was most needed. As a result, much of the workload was piled onto a couple of students as well as the teachers. In the end, we finished with a very small, but extremely dedicated group of people. This team of four worked hard well into the summer holidays to complete this book.

I would like to thank Kyam, the co-editor, for his loyalty and for his strong contributions, from start to finish. I would especially like to thank Mr. Bedard and Ms. Mastelotto for their constant support and sacrifices. This has been a great experience for me and I hope that you will take pleasure in reading it and appreciate its content.
